Friday, January 19th – End of 2nd Quarter
Monday, January 22nd – NO SCHOOL / Staff Development
Tuesday, January 23rd – NO SCHOOL / Staff Development

Health Screenings

A huge Thanks to Lions Club of Durand for bringing the SPOT Vision screening to our school to screen vision for children in Early Childhood, 4K, and 5K. The SPOT screening tool allows for fast and accurate vision screening that is very simple to use with these young age groups. Children who did not pass the screening will be sent letters advising them to follow up with their eye doctor. The school district appreciates all that Lions Al Gould, Terry Olson, Jim Mayo and Greg Doverspike have done to provide this service for our students.

Thanks also to our adult volunteers who helped the school screen height and weight, vision and hearing in the other grades. Thanks to Heather Steele, Kathy Dahl, Tara Dorwin, Dani Holden, Natalie Doverspike and Bridget Weisenbeck.

Heights and weights are done every year and a record is available to all parents by sending a request to the school nurse, Katie Walsh-Kallstrom, email: kwalshkallstrom@durand.k12.wi.us. Vision screening using the Snellen chart was done in grades 1, 3 and 5. We are in the process of rechecking students a second time and parents will be informed if children failed the second screening. Hearing is done in grades 4K, K, 1 and 2. Hearing is checked twice and second checks will be completed before the holiday break. Parents will be informed if children failed a second screening test for hearing.

If there are every any questions, concerns, or if you would like to review your student's results, please don't hesitate to reach out to the nurse.

Merry Christmas and Happy New Year
